# Precision Pro NX7

*Laser RangeFinder*

## Our Golf Pro's Choice

**Pulse Vibration Technology-** gives a quick Pulse when locked on to the target so you know what you've hit.

**Target Acquisition Technology-** scans your field of view and locks in on the target to ensure you get the yardage to the target, not what's behind the target.

**Water Resistant Design-** ensures the NX7 can be used in wet and rainy conditions without issue.

**Shock Proof Design-** helps to survive the drops, tosses, any other impact on the golf course.

**Accuracy +/- 1 Yard-** gives you the confidence to choose the correct club each time.

**400 Yard Measuring Range-** ensures you'll never be out of range of the target.

**6X Magnification-** brings the target 6 times closer to you for improved viewing and target acquisition.

**\$299.00**

# Sky Caddie Lynx GT

## GPS Watch

- Preloaded with over 35,000 basic green course maps (front, center and back of greens)
- Lightest and most compact golf GPS on the market

# The Mutant Travel Bag

**\$269.00**

**Our Golf Pro's Choice**

An unnatural awesome creation of monstrous proportion, the OGIO Mutant Travel Bag is the alpha male of all golf travel bags. Known to swallow golf bags whole, the cavernous padded main compartment keeps your clubs safe and protected.

- Large main compartment
- Oversized wheels
- Oversized fully padded top compartment
- Easy entry opening with internal cinch-down strap to secure golf bag
- Reinforced base with protective rails
- 2 large exterior pockets
- Exterior compression straps
- Fits tour and stand bags with ease
- Tip-resistant

# The Silencer Golf Bag

The Silencer Golf Cart Bag is our most popular cart bag and has technology that clicks in and grips your golf clubs in individual slots to eliminate contact and make for a quiet carrying experience. Engineered specially for a stand and carry golf bag, your clubs won't move no matter how much you do.

- 15-way 2X Barrel Silencer Club Management
- Cart strap channel
- Fleece lined valuables pocket
- Glove hook-and-loop fastener attachment patch
- Insulated hydration pocket
- Easy grab trunk handle
- Pen sleeve
- 8 zippered pockets

customers have gained as  
much as 30 yards over their  
existing irons**

**Golf Digest 2018 Hot List Gold Medal Winner!**

Rogue X Irons are a total distance overhaul, with our 360 Face Cup and VFT, multi-material construction, Urethane Microspheres, and a component package designed for maximum distance.

# PERFORMANCE

*Independent tests prove HL3 performs as well as drivers that cost more than twice the price!*

**GET FIT.  
SPEND LESS.  
PLAY BETTER.**

## SLICE-FIGHTING CONTROL

The Tour Edge Hot Launch 3 driver offset driver features a forged four-piece titanium head specifically designed to reduce slices. It also features Cup Face technology, which increases the amount of face flexing for increased ball speed. Let this driver do all the work of providing extra distance!

**\$279.99**

**Custom Fit**

# PERFORMANCE

*Independent tests prove HL3 performs as well as clubs that cost more than twice the price!*

**GET FIT.  
SPEND LESS.  
PLAY BETTER.**

## **Tour Edge HL3 Fairway Wood**

A maraging steel face with variable face thickness technology provides powerful contact from more points on the face. The HL3's shallow face design and low center of gravity deliver high launch and lower spin for maximum distance.

**\$189.99**

**Custom Fit**

# TECHNOLOGY

## HYBRIDS

**TOE WEIGHT TECHNOLOGY**  
creates an expanded sweet spot and maximizes stability

## IRON-WOODS

**HOLLOW HYPERSTEEL BODY**  
maximizes stability so every shot is both powerful and accurate

## IRONS

**UNDERCUT CAVITY DESIGN**  
positions more weight below the ball for high-flying shots

## Tour Edge HOT LAUNCH HL3 TRIPLE COMBO SET

The Tour Edge HL3 Triple Combo set provides players with the most versatile set available in golf. Featuring two HL3 hybrids, two Iron-Woods and three irons, the Triple Combo set ensures that you will have the most forgiving, accurate club for every shot.

**Custom Fit**

Hand Built in the USA

# TECHNOLOGY

**ROUND CAMBERED SOLE**  
minimizes turf interaction as the club glides through any type of turf

**COMPUTER-MILLED GROOVES**  
are engineered to the maximum legal width and depth for more control and more spin

**TOE WEIGHT TECHNOLOGY**  
creates an expanded sweet spot and maximizes stability on impact

## HOT LAUNCH SUPER SPIN WEDGE

Hot Launch Super Spin wedges are designed to give players perfect control on approach shots and around the green. Computer-milled grooves give you perfect control no matter what kind of lie you have.
